

## A MODERN LEGEND, RESPAWNED.

The MM720 is a lightweight take on a legendary, fan-favorite gaming mouse, combining classic performance with modern sensibilities. An ultralight honeycomb shell in a familiar ergonomic, balanced design reduces the total weight by nearly half without compromising on durability. An innovative new ultraweave cable reduces cable snag, while RGB illumination ensures all your kills get highlighted. Additionally, the gaming-grade optical sensors and switches have been upgraded to modern standards to ensure top-tier performance for years to come. Lightweight and legendary, this mouse fits like a glove and packs a punch over the rest of the competition.

### FEATURES

- **Lightweight Honeycomb Shell** - New perforated housing is engineered to be supremely durable and lightweight, meaning you can play longer without fatigue
- **Ultraweave Cable** - Innovative Ultraweave cable significantly reduces weight and cable pull while swiping. Fight against your enemies, not cable pull.
- **Gaming-Grade Optical Sensor** - Adjustable up to 16000 DPI for greater control, precision, and future-proofing
- **Legendary Claw Grip Shape** - Wide, classic right-handed shape for claw grip with a finger rest for added comfort
- **Easy-to-use Software** - Map 16.7 million colors to LEDs, customize mouse performance, fine-tune macros - all stored directly in on-board memory.
- **High Grade Quality** - Optical switches for left and right click are graded for 70 million presses that remain accurate and true till the end
- **Upgrade Mouse Feet** - New-and-improved feet made with PTFE material for low friction and high durability, which provides a smooth, fast glide with maximum responsiveness.
- **IP58** - The MM720 has passed IP58 Dust & Water Resistance certification, meaning the device is protected from Dust and Powerful water jet.
