SILENCE HAS A SEQUEL

FEATURES

Sakura Limited Edition – Silent, graceful and loved for centuries, the blush pink sakura brings East Asian elegance and class to the world gaming. Seamless sakura themed tempered glass embellishes your build with elements of spring while showcasing internal components.

Sound Dampening Material – Sound dampening material minimizes noise from the pre-installed fans, the power supply, all steel panels, the steel front door, and all storage mounting points for 2.5" and 3.5" drives. The top cover can be removed for increased ventilation or kept in place to reduce noise.

Reversible, Steel Front Door – The sound-dampened, steel front door features a reversible mounting system that is capable of opening in two directions.

SD Card Reader – The I/O Panel features an SD Card Reader for rich connectivity.

ARGB/PWM Hub - The included HUB features 5 ARGB and 4 PWM ports and facilitates cable management in the system, allowing you to conveniently control fans with a single connector for power and PWM signal and another for ARGB signal.

White Sickleflow ARGB/PWM Fan – Light up your system with the included 120mm Sickleflow ARGB fan, fully customizable to match the theme of your build.

Graphics Card Support Up To 319mm – Generous clearance space is provided to support the latest graphics cards.

*Bashful pink blossoms.
Under which the river sings.
Silent ode to spring.*

Drawing inspiration from traditional East Asian aesthetics, Silencio S400 Sakura Edition brings to users classic beauty that has been appreciated for centuries. Elegant, blush pink blossoms, a symbol of youth and rebirth, break through a pure white canvas, signaling the beginnings of spring.

Like the modest grace of the Sakura, the Silencio S400 is sleek, silent, yet powerful. The themed tempered glass panel showcases the glow of internal components, while sound dampening material ensures undisturbed gaming sessions. Allow your system to truly shine: thermal performance and beauty unparalleled.
