System Overview

Adding further to your security and ensuring that you are safe all the time have been the reasons behind the introduction of the eezo Series by CP PLUS. The wide range of attractive cameras in the eezo Series are easy to install as they don't require any wiring and function as Wi-Fi-based plug and play surveillance devices with full HD view. These cameras are revolutionizing the way surveillance is conducted in retail stores, homes, offices, hospitals, warehouses, etc. because of its 355° view.

Functions

Wi-Fi Support

To eliminate the hassle of cables and switches, this camera has been Wi-Fi enabled which makes it easier and better to conduct surveillance of any closed space.

CP21

2MP Wi-Fi Pan & Tilt Camera - 10 Mtr.

Functions

Human Detection

Powerful image processing technology quickly finds human targets in images and immediately sends a notification to your smartphone, allowing you to monitor what matters without receiving annoying false alerts.

Two-way Talk

The built-in speaker and microphone with echo cancellation allows you to interact with pets and family, or stop strangers from entering your secure premises.

Nothing will be missed

This camera has been designed to catch everything in a room as it can be revolved completely to 355°, making it easier to just turn it or place it in any direction that requires more attention.

Motion Alert

Motion Alert technology allows you to get immediate alerts as soon as a single motion is detected in the scene. This feature has reduced the effort put in surveillance by copious amounts and has eased the life of millions.

Abnormal Sound Alarm

Sends instant alerts to your smartphone whenever it detects a baby crying or other abnormal sounds, keeping you aware of what's going on at home from anywhere.

About CP PLUS

The brand that is on its way to lead the world when it comes to the security and surveillance industry, CP PLUS, keeps bombarding the market with the most reliable range of products that have been designed carefully and methodically to automate the whole surveillance and security process, no matter how big your premises are.

It was the initiative to help the public in the area where they are the most vulnerable and to empower the sense of safety in our hearts that had conceptualized CP PLUS. And embarking on its mission to make the world a safer and more secure place has taken the brand's journey to unprecedented levels even when compared to international competitors.
